2026 UCI Track World Cup – Hong Kong, China

Message from the UCI President

On behalf of the Union Cycliste Internationale (UCI), it is my pleasure to extend a warm welcome to everyone taking part in, or supporting, Round 2 of the 2026 UCI Track World Cup in Hong Kong, China.

Coming after the opening round in Perth, Australia, and ahead of the final round in Nilai, Malaysia, the Hong Kong, China round marks a key stage of the international series, which succeeds the UCI Track Nations Cup. Featuring all the events on the Olympic track cycling programme as well as the elimination race, all rounds of the series play an important role in qualification for the 2026 Tissot UCI Track World Championships in Shanghai, China.

Competition will therefore be intense and, renowned globally for its ability to host major sporting events, Hong Kong, China provides a truly world-class backdrop for the racing. Indeed, the Hong Kong Velodrome has hosted numerous top-level UCI competitions, including rounds of the UCI Track World Cup between 2015 and 2020, the UCI Track Cycling World Championships in 2017 and more recently, Tissot UCI Track Nations Cup rounds in 2021 and 2024.

My thanks go to the Cycling Association of Hong Kong, China Limited, together with the event’s partners, sponsors and devoted volunteers. It is their dedication and hard work that make it possible to deliver an exceptional event, providing an unforgettable experience for athletes and fans alike.

I wish all riders, teams and fans a successful and memorable three days of competition at Round 2 of the 2026 UCI Track World Cup.

As President of the Cycling Association of Hong Kong, China, it is with immense enthusiasm and pride that I extend my warm welcome to cyclists, coaches, officials and distinguished guests from around the world to the 2026 UCI Track World Cup - Hong Kong, China.

The UCI Track World Cup, rebranded from "UCI Track Nations Cup" this year, stands as one of the most prestigious competitions in international track cycling, second in eminence only to the Olympic Games and the UCI World Championships. We are deeply honoured that Hong Kong has once again been trusted to host the second round of the 2026 World Cup series from 17 to 19 April. This appointment reaffirms our city's standing as Asia's sports event capital and underscores our unwavering commitment to sporting excellence.

Over the three action-packed days, the Hong Kong Velodrome will take the spotlight as nearly 400 elite cyclists from close to 40 countries and regions converge to compete for team and individual glory across the Olympic track cycling disciplines. Their performances will undoubtedly showcase speed, precision, strategy and endurance at the highest level.

We are pleased that this event has been granted "M" Mark status by the Major Sports Event Committee of the Hong Kong Special Administrative Region Government, giving it due recognition of its significance as a major fixture on Hong Kong's sporting calendar.

Cycling fans will have the opportunity to witness the extraordinary skill of top-level track cyclists and their passion up close here in Hong Kong, and to be inspired by the dedication and sportsmanship of the world's finest riders.

We extend our sincere gratitude to the Culture, Sports and Tourism Bureau and the Leisure and Cultural Services Department for their invaluable advice and steadfast support in making this event possible.

Beyond the thrill of competition, we are delighted that the Hong Kong Jockey Club, as the Official Community Partner of the Hong Kong round, will launch the Jockey Club Track Cycling Community Engagement Campaign in between 2026 and 2027 World Cup events. This initiative aims to raise public awareness and appreciation of the sport and foster greater participation among young people.

In closing, I wish all riders the very best during the competitions. To our visitors and spectators, I wish you an exhilarating and memorable experience at the 2026 UCI Track World Cup - Hong Kong, China, and a most enjoyable stay in our vibrant and welcoming city.

Cycling in Hong Kong is more than a recreational pursuit; it is a sport in which we take immense pride. Over the years, our athletes have achieved remarkable success on the international stage, earning medals at the Olympic Games, World Championships and Asian Games. Their accomplishments have strengthened our passion for the sport.

Since the opening of the Hong Kong Velodrome in 2013, the Cycling Association of Hong Kong has hosted rounds of the UCI Track World Cup in the 2015/16, 2018/19 and 2019/20 seasons, 2017 World Championships, as well as the UCI Track Nations Cup in 2021 and 2024. Through these events, our city has steadily established itself as a regional hub for track cycling, growing in experience and reputation alongside our athletes; success.

Building on this strong foundation, we are honoured that the Union Cycliste Internationale has awarded Hong Kong the right to host a round of the 2026 and 2027 UCI Track World Cup series. This reflects the UCI's confidence in our ability to deliver world-class competitions and to welcome the world's finest riders to compete in Hong Kong.

From 17 to 19 April, the Hong Kong Velodrome will once again come alive as elite cyclists showcase the results of their dedication and preparation. We look forward to three days of exciting racing and to sharing these memorable moments with fans both in the stands and watching from around the world.

Beyond hosting elite competition, CAHK remains committed to promoting cycling within the wider community. We are grateful to join hands with the Hong Kong Jockey Club, the Official Community Partner of the Hong Kong round, to launch a two-year Jockey Club Track Cycling Community Engagement Campaign. During the event, a carnival will be held outside the Velodrome, offering the public enjoyable cycling-themed activities. In the months that follow, school visits, cycling experience sessions and community programmes will continue across the city. These initiatives aim to raise awareness of track cycling and to nurture young talent for the future.

I wish all athletes every success in their competitions. To our friends visiting from abroad, I encourage you to explore and experience the vibrant energy and unique charm of Hong Kong.

After transitioning to the Nations Cup in 2021, UCI reinstated the World Cup in 2026. As one of major UCI events, the World Cup will award significant world ranking points and attract elite cyclists worldwide competing for qualification to the UCI Track Cycling World Championships and the Olympic Games.

One of the two riders in the team must always be racing. While this rider is racing, the other member of the team rolls around the track waiting to be relayed into the race.
- 利用身體接觸為交換領騎（多以手部交換）。
Change over to the leading rider through physical contact (mostly by hand touching).
- 比賽設中途衝分點，比賽取得最多分者為勝。
The ranking is determined on auaed points.
- 計分方法與記分賽相同。
The points scale is the same as that of point race.

- 最快完成賽事訂定的距離或超圈者較多的運動員為冠軍。
The fastest rider finishes the full course or the rider who gains more laps will be the winner.
- 賽事的最後次序依超圈的數目為首要的計算，同圈者則以衝線是的名次作決定。
The ranking will be defined by the rider who gains the number of laps and the finishing order of the last lap for those riders in the same finished lap.
- 如果運動員於比賽途中被主車群超越一圈即被淘汰。

After the first 4 laps, sprints shall be conducted every lap. After the completion of four laps, the bell will be rung to indicate the start of the sprint laps. The first rider in each sprint shall be awarded 1 point, including for the final sprint. Any rider that gains a lap is awarded 20 points. Any rider that loses a lap is deducted 20 points.

淘汰賽 *Elimination*

- 每圈的途中衝刺時，將淘汰最後一名運動員。
The last rider will be eliminated in every two laps.
- 每個衝刺圈前有鐘聲提示。
There will be a ring of bell before each elimination lap to alert all the riders.
- 在每次衝刺圈之後，將根據後輪通過終點線的位置判斷最後一名運動員，最後通過的運動員將被淘汰。
A rider will be eliminated according to the bike's back wheel of the last rider to pass the finish line.
- 賽事至餘下 2 名運動員的最後衝刺後作結束，但排名則根據前輪首先衝過終點線為勝。
The race will be finished until the last two riders arrive the finish line, but the winner will be counted on the front wheel of the first rider arrives at the finish line.

記分賽 *Points Race*

- 記分賽是大組出發的賽事，女子距離約為 20 公里，男子約為 30 公里。在途中衝刺期間（在 250 米的賽道上每 10 圈一次途中衝刺）前 4 名運動員可以獲得 5 分、3 分、2 分、1 分積分，或者追上著集團後獲得積分（+20 分）。完成整個賽事距離後的最後一次衝刺的分數將加倍（10 分、6 分、4 分、2 分）。最終成績根據獲得的累積分數計算。

Points Race is a bunch-start race of around 10km for women and 30km for men. During the intermediate sprints (one every 10 laps on a 250m track), the first 4 riders can be awarded with 5 points, 3 points, 2 points and 1 point respectively. By lapping the rest of the field 20 points will be awarded. Points awarded in the last sprint after the full distance are doubled (10 points, 6 points, 4 points, 2 points). The final result is calculated according to the number of points won.
